We also offer recovery group programmes.

DVAP Children's Service supports children and young people aged 6 to 16 years old who have been affected by domestic abuse within their family or own teen relationship. We provide one-to-one tailored support based on the individual needs of each child or young person.

PODAS (Prevention of Domestic Abuse Service) provides practical and emotional support to those whose behaviour is abusive and want to change. Support will be on a one-to-one basis exploring key coping strategies for managing behaviours. We also offer a group programme for men who are at risk of or have exposed their children to domestic abuse called 'Caring Dads'.
